NEWS RELEASE

Survey Seeks Public Responses About Bicycling

League Reviews Frederick's Bicycle Friendliness

FREDERICK, MD – Feb. 27, 2019: The City of Frederick is applying again for Bicycle Friendly Community status from the League of American Bicyclists. The League is seeking public input to gain a better understanding of local bicyclists' experiences in Frederick.

The City invites everyone to complete the League's brief survey: https://www.surveymonkey.com/r/app_BFC_SP19. The League is conducting the public survey of anyone familiar with bicycling in our community. The League administers the Bicycle Friendly America Program and recognizes communities for efforts to enhance bicycling opportunities.

Frederick has been designated a bronze-level Bicycle Friendly community by the League.

This [survey](#) is meant to provide context for the League review team's annual decision-making process, and to provide feedback for the City directly from the community.

The survey will remain open through Sunday, March 24. Anonymous aggregate survey results will be included in feedback materials later this spring. [More information about the public survey can be found here.](#)

The League's community award results will be announced in May.

Further information about the League is online at: www.bikeLeague.org
