

**THE CITY OF FREDERICK  
BUSINESS INFORMATION SURVEY**

The City of Frederick desires to be responsive and informative in the provision of law enforcement and other services to its citizens. The Frederick Police Department and the City Office of Economic Development have partnered on an initiative to gather information about businesses in order to be able to contact an owner or representative for a myriad of reasons, including information affecting businesses in the city, activated alarms, crime in your area, or to investigate crimes that have already occurred. The information you provide is strictly voluntary, and it will not be shared with or used by anyone outside of the City of Frederick government.

**We will always desire to have updated information for our records.** If any of the information you provide changes, please be sure to let us know. If you have any questions, you may call 301/600-2715.

Thank you for your cooperation!
